Inez, I've had some e-mail issues this morning so this message may be a duplicate.

Anyway, see attached. In advance of our chat tomorrow what I did was take the links to the various veterans websites in the spreadsheet I showed on Sunday and:

1. Re-checked the contents of the websites
2. Updated a few of the cells in the spreadsheet based on what I found (the XLS is now the first page of the attachment)
3. Drilled down as much as I could on each site to see what granular contact information they contain and ...
4. ... Documented those subordinate links

This should speed up the decision-making in terms of where to go and how to proceed.
